

SARASWATI SHINGE

Email: shingesaraswati1@gmail.com | Ph No: 8296250284 | [LinkedIn Profile](#) | [GitHub Profile](#)

PROFILE SUMMARY:

Detail-oriented QA Engineer with nearly 1 year of experience in Manual and Automation Testing using Playwright, JavaScript, Cucumber, and API Testing. Experienced in CI/CD integration and MERN Stack Development. Also trained in Generative AI technologies including Python, Machine Learning, LLMs, Prompt Engineering, and RAG concepts. Passionate about building scalable and high-quality software solutions.

CORE EXPERTISE:

- QA Automation
- API Testing
- Playwright Automation
- CI/CD Integration
- MERN Stack Development
- Generative AI
- Prompt Engineering & RAG

TECHNICAL SKILLS:

Testing Skills - Manual Testing, Automation Testing, API Testing, Functional Testing, Regression Testing, Smoke Testing, STLC & Bug Reporting, SDLC.

Automation Tools: Playwright, Selenium, Cucumber, Postman, POM, TestNG

Programming Languages: JavaScript, Python, Java, SQL.

Full Stack Development: MongoDB, Express.js, React.js, Node.js, HTML, CSS.

Generative AI Skills: Machine Learning, Deep Learning, TensorFlow, PyTorch, Scikit-learn, Prompt Engineering, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Vector Databases, AI Frameworks & Tools.

DevOps & Tools: Git, GitHub, Jenkins, GitHub Actions, Jira, VS Code, CI/CD Pipelines.

PROFESSIONAL EXPERIENCE:

QA Engineer

Curatal Talent Enable (Progressive Video Pvt. Ltd)| Jan 2026 – Present

- Worked on Manual and Automation Testing for web applications.
- Developed and maintained automation test scripts using Playwright, JavaScript, and Cucumber.
- Performed API Testing using Postman and validated backend services.
- Executed Functional, Regression, Smoke, and End-to-End Testing.
- Reported and tracked defects using bug tracking tools.
- Collaborated with developers and cross-functional teams in Agile methodology.
- Integrated automated test execution with CI/CD pipelines.
- Ensured software quality, stability, and faster release delivery.
- Improved testing efficiency by developing reusable automation scripts using Playwright and Cucumber.

Automation Test Engineer Intern

Curatal Talent Enable (Progressive Video Pvt. Ltd)| Jun 2025 – Dec 2025

- Assisted in automation framework development.
- Performed functional and regression testing.
- Worked on real-time automation testing projects.

MERN Full Stack Developer Intern

Software Legend Solutions | 3 Months

- Developed responsive web applications using React.js and Node.js.

- Worked with MongoDB database and REST APIs.
- Gained hands-on experience in frontend and backend development

EDUCATION:

Bachelor of Computer Applications (BCA)

SADVS Sangh's BCA College, Sankeshwar - 2024 | 88%

Pre-University Course (PUC)

PU College, Majalatti – Commerce - 2021 | 79%

CERTIFICATIONS:

Generative AI Engineer Course – IBM

MERN Full Stack Development – Software Legend Solutions

Automation Testing – Progressive Video Limited Private

SDET (Software Development Engineer in Test) – QSpiders

PROJECTS:

MERN Full Stack Bus Pass Application

- Developed a full-stack Bus Pass Application using MongoDB, Express.js, React.js, and Node.js to streamline online bus pass registration and management.
- Implemented secure user authentication, registration, login, and online pass application functionalities with REST API integration.
- Designed responsive user interfaces and optimized frontend-backend integration for improved performance and seamless user experience.

Generative AI Chatbot

- Developed an AI-powered chatbot using Python and Large Language Models (LLMs) to provide intelligent and context-aware responses.
- Applied Prompt Engineering and Retrieval-Augmented Generation (RAG) concepts to improve response accuracy and information retrieval.
- Integrated Vector Database concepts and AI frameworks to enhance chatbot efficiency and conversational capabilities.
